**FROM:** Deputy Division Manager - Katharine Gerrity

**DATE:** November 16, 2021

**SUBJECT:** Idaho State Department of Agriculture

IDAPA 02.01.07 - Rules Governing Hemp - Temporary and Proposed Rule (Docket No. 02-0107-2101)

#### Summary and Stated Reasons for the Rule

The Idaho State Department of Agriculture submits notice of temporary and proposed rule at IDAPA 02.01.07 - Rules Governing Hemp. This is a new chapter and a fee rule. According to the department, the rulemaking conforms with the intent and requirements of House Bill 126, the Industrial Hemp Research and Development Act, which was passed by the Legislature and signed into law by the Governor. The department notes that:

H.B. 126 established the legislative intent for Idaho to:

- Assume primary regulatory authority of industrial hemp as allowed by federal law;
- Allow production, processing, transportation, and research of industrial hemp in Idaho; and
- Require the director to submit a state plan to the secretary of agriculture as expeditiously as possible and, by a date certain, to allow the production of industrial hemp.

H.B. 126 provides direction for ISDA's rulemaking:

- Production, processing, transportation, and research of industrial hemp are subject to the rules promulgated under Title 22, Chapter 17, Idaho Code, the state plan, and the 2018 Farm Bill and the rules promulgated.
- The department is authorized to promulgate rules establishing fees and penalties for violations associated with the provisions of this chapter.

The department states that the Governor has found that the temporary rule is appropriate for the following reasons:

Paul Headlee, Deputy Director Legislative Services Office	Kristin Ford, Manager Research & Legislation	Keith Bybee, Manager Budget & Policy Analysis	April Renfro, Manager Legislative Audits	Glenn Harris, Manager Information Technology
--	---	--	---	---

Pertaining to subsection (b), the temporary rule brings the ISDA into compliance with House Bill 126, which directs the agency to assume regulatory authority as allowed by federal law and allows for the production, processing, transportation, and research of industrial hemp in Idaho. Further, this rule is required for submission of a state plan to the U.S. Secretary of Agriculture pursuant to the 2018 Farm Bill.

Pertaining to subsection (c), the temporary rule confers a benefit to those wishing to produce, process, transport, and research industrial hemp in Idaho. Without this rule in place, the ISDA would be unable to begin the application process for the 2022 calendar year, including for Idahoans who wish to begin planning the cultivation of hemp.

### **Negotiated Rulemaking/Fiscal Impact**

The department states that negotiated rulemaking was conducted. The department states that there is no negative fiscal impact but that fees are anticipated to result in approximately \$250,000 in revenue.

The department is authorized to establish fees to fund the program. According to the department, fees include the following:

Grower Fees: Annual application - \$100; Annual license - \$500; Modification to application information - \$250; and Producer pre-harvest inspection and other inspections - \$250/lot plus \$35/hour for travel to site plus actual costs for shipping samples. Handler Fees: Annual application - \$100; Annual license - \$1,000; Modification to application information - \$500; and Handler annual site inspection and other inspections - \$500/site plus \$35/hour for travel to the site.

### **Statutory Authority**

The rulemaking appears to be authorized pursuant to section 22-1705, Idaho Code.

Lloyd Knight

#### **NOTICE OF RULEMAKING – TEMPORARY AND PROPOSED RULE**

**EFFECTIVE DATE:** The effective date of the temporary rule is November 1, 2021.

**AUTHORITY:** In compliance with Sections 67-5221(1) and 67-5226, Idaho Code, notice is hereby given that this agency has adopted a temporary rule, and proposed rulemaking procedures have been initiated. The action is authorized pursuant to Section 22-1705, Idaho Code.

**PUBLIC HEARING SCHEDULE:** Public hearing(s) concerning this rulemaking will be scheduled if requested in writing by twenty-five (25) persons, a political subdivision, or an agency, not later than November 17, 2021.

The hearing site(s) will be accessible to persons with disabilities. Requests for accommodation must be made not later than five (5) days prior to the hearing, to the agency address below.

**DESCRIPTIVE SUMMARY:** The following is the required finding and concise statement of its supporting reasons for adopting a temporary rule and a nontechnical explanation of the substance and purpose of the proposed rulemaking:

This rule conforms with the intent and requirements of House Bill 126, the Industrial Hemp Research and Development Act, which was passed by the Legislature and signed into law by the Governor.

H.B. 126 established the legislative intent for the Idaho to:

- Assume primary regulatory authority of industrial hemp as allowed by federal law;
- Allow production, processing, transportation, and research of industrial hemp in Idaho; and
- Require the director to submit a state plan to the secretary of agriculture as expeditiously as possible and, by a date certain, to allow the production of industrial hemp.

H.B. 126 provides direction for ISDA's rulemaking:

- Production, processing, transportation, and research of industrial hemp are subject to the rules promulgated under Title 22, Chapter 17, Idaho Code, the state plan, and the 2018 Farm Bill and the rules promulgated.
- The department is authorized to promulgate rules establishing fees and penalties for violations associated with the provisions of this chapter.

**TEMPORARY RULE JUSTIFICATION:** Pursuant to Section(s) 67-5226(1) (b) and (c), Idaho Code, the Governor has found that temporary adoption of the rule is appropriate for the following reasons:

Pertaining to subsection (b), the temporary rule brings the ISDA into compliance with House Bill 126, which directs the agency to assume regulatory authority as allowed by federal law and allows for the production, processing, transportation, and research of industrial hemp in Idaho. Further, this rule is required for submission of a state plan to the U.S. Secretary of Agriculture pursuant to the 2018 Farm Bill.

Pertaining to subsection (c), the temporary rule confers a benefit to those wishing to produce, process, transport, and research industrial hemp in Idaho. Without this rule in place, the ISDA would be unable to begin the application process for the 2022 calendar year, including for Idahoans who wish to begin planning the cultivation of hemp.

**FEE SUMMARY:** The following is a specific description of the fee or charge imposed or increased:

House Bill 126 authorizes the department to establish fees in rule in order to fund the program. The fees included are:

Fee Type	Grower	Handler
Annual application	\$100	\$100
Annual license	\$500	\$1,000
Modification to application information	\$250	\$500
Producer pre-harvest inspection and other inspections	\$250/lot + \$35/hour for travel to site + actual costs for shipping samples	
Handler annual site inspection and other inspections		\$500/site + \$35/hour for travel to site

**FISCAL IMPACT:** The following is a specific description, if applicable, of any negative fiscal impact on the state general fund greater than ten thousand dollars (\$10,000) during the fiscal year:

It is anticipated that the fees outlined will result in a fiscal impact of \$250,000 in revenue.

**NEGOTIATED RULEMAKING:** Pursuant to Section 67-5220(1), Idaho Code, negotiated rulemaking was conducted. The Notice of Intent to Promulgate Rules - Negotiated Rulemaking was published in the June 2, 2021 Idaho Administrative Bulletin, [Vol.21-6, Page 46](#).

**INCORPORATION BY REFERENCE:** Pursuant to Section 67-5229(2)(a), Idaho Code, the following is a brief synopsis of why the materials cited are being incorporated by reference into this rule:

- Domestic Hemp Production Program. 7 CFR Part 990.
- USDA Final Hemp Rule. 86 FR 5596. <https://www.govinfo.gov/content/pkg/FR-2021-01-19/pdf/2021-00967.pdf>

The 2018 Farm Bill directed USDA to establish a national regulatory framework for hemp production in the United States. USDA published a final rule on January 19, 2021, that provides regulations for the production of hemp in the United States and is effective on March 22, 2021. The final rule builds on the interim final rule published October 31, 2019, that established the U.S. Domestic Hemp Production Program. The final rule incorporates modifications based on public comments and lessons learned during the 2020 growing season.
